## WILSON IS RE-ELECTED

Carried Entire West and South, Marking a New Precedent For Electing a President

G. O. P. MAJORITY IN CONGRESS

Result Was in Doubt For Several Days—Solid East Went Strong for Hughes—Wilson Polled the Biggest Vote Ever Given a President—Senate is Safety Democratic.

New York, November 13.—Woodrow Wilson and Thomas R. Marshall have been re-elected President and Vice President, respectively, of the United States.

American political history was enriched by an amazing swing back and forth for Hughes, again for Wilson, then for Hughes and again Wilson.

For several days the nation was held in suspense. First available returns showed Hughes leading. Then came a Hughes sweep with a tremendous lead in New York, Illinois, Pennsylvania and Massachusetts, with preliminary reports from other States adding to the Republican's growing list. But again the swing changed. A Wilson drift set in. Ohio went unmistakably Democratic.

Finally the decision hinged on California, which gave the President a small majority, increasing his electoral vote to 276. New Mexico, with three votes swung into line, making a total of 276, but more than the necessary number to elect.

The shift in sentiment was exemplified by the shifting headlines in the New York papers. The New York Times (Herald), after conceding the election of Hughes, issued an extra saying: "It looks as if Wilson is elected."

The New York Tribune, Republican, after a month's election of Hughes in a "clean sweep" of the country described the situation in early editions as follows: "Hughes leading in close race."

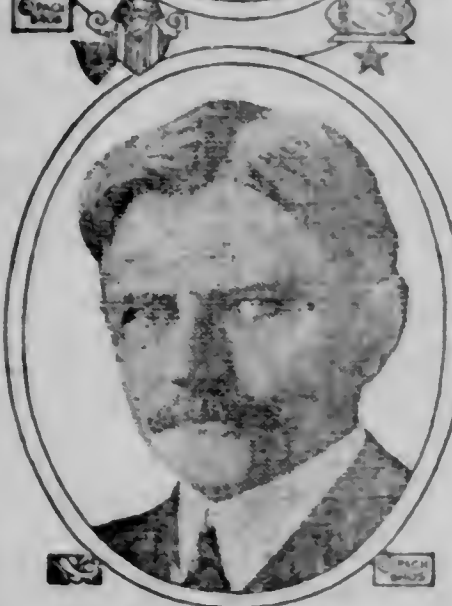

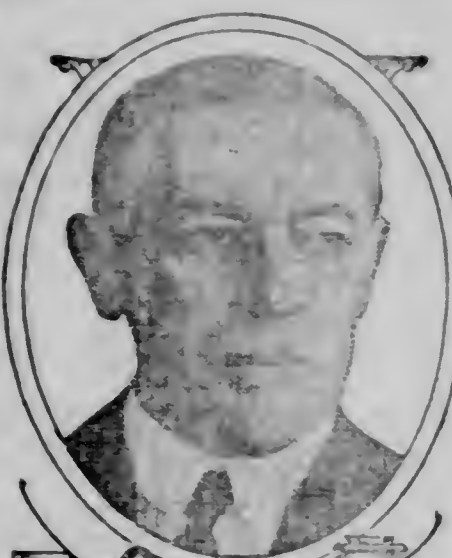

The Republicans were able to gather one important fact from the wreck and in some of the States. The Progressive did not support the national ticket with anything like their full strength. On the contrary, the Progressive defection in some States was startling to the Republicans. Especially was that true in California, where Hiram Johnson was elected United States Senator by approximately 200,000 majority and Mr. Hughes was defeated. In Washington also, Senator Pennington, Republican and Progressive, was elected by about 55,000, while the State went for President Wilson by something like 13,000.

Defections of the Progressives had been discounted by the Republicans in many States, but nowhere had they looked for the wholesale slaughter that occurred in the Pacific Coast and Rocky Mountain States. In States like New Hampshire, Maine and Vermont, as well as Massachusetts, also a large percentage of the Progressives voted their State tickets and for President Wilson.

Nine of the States which found themselves in the Democratic list always have been normally Republican. They are Ohio, Kansas, North Dakota, Wyoming, Utah, New Mexico, Idaho, Washington and California. Utah never had gone Democratic. It held its position in the Republican ranks even in the face of the three-cornered split in 1912, when States which had never till then wavered in their devotion to the Republican party switched front. Kansas went Democratic in 1896 and the Populists carried it in 1892.

Washington also went Democratic in 1896. The Ohio electorate was split in 1892 (the second Cleveland year), but excepting 1912 and this year, it had been Republican constantly since and including 1880. California went Democratic in 1880, and its electorate was divided in 1892 and 1896. It went Progressive four years ago, although its electoral votes again were split. New Mexico went Democratic in 1912. In the first year in the Union, but it was regarded as a Republican State.

A survey of the field of battle shows that the Republicans lost many States which even in their most despairing dreams they had not thought of losing. Kansas is one. Utah is another. In the Confederate States it was the vote

WILSON AND MARSHALL

of the women suffragists which gave the electoral votes to the President. In Utah it was the influence of the Mormon Church. The Mormon influence was said to have been responsible also for the large Democratic vote in Idaho, New Mexico, Wyoming and Nevada. The Republicans had counted on having all but Nevada.

Not since a next day's revision of the returns sealed Grover Cleveland in the contest of 1892, was the country compelled to wait so long to know the re-

sult. More than 12 hours after the polls had closed Mr. Wilson and Mr. Hughes were running a neck-and-neck race in doubtful States.

For a time the Republicans were confident of contesting the election, but the prospects of it being fought out in the courts faded as President Wilson's victory emerged more clearly from the haze by him carrying New Mexico and New Hampshire, in addition to California, making two States or six more electoral votes than was expected when the race was neck and neck.

Mr. Wilson is the only President ever elected with the "Solid East" against him.

The Republicans will have 217 votes in the next Congress, while the Democratic membership will be 212. The Republicans fall one short of the 218 vote necessary for a working majority. It will be necessary to muster the votes of the independent votes to insure the carrying out of the President's plans.

The balance of power in the next House will be held by five men—one a Progressive Protectionist from Louisiana, one an Independent from Massachusetts, one a Progressive from Minnesota, one a Protectionist from California, and the other a Socialist from New York. Their action apparently will determine the choice of a Speaker as well as the face of legislation which is supported or opposed upon purely party lines.

The first effect of the almost even division in the House will be seen when it tries to organize. For the first time since Buchanan's administration there will be a party contest over the speakership. Both parties will have able candidates, presumably Senator Charles R. Mann, but neither will carry over the party without the votes of some of the five members of the party. Here, too, bolters are sewing a club over the party leaders. Since before the war the party membership for Speaker have been more Republican, one party or the other has always been able to control the House. In 1917 these nominations will mean something.

This is the greatest increase given to an American President for a second term since the Civil War.

The President's vote was 2,960,708 more than ever previously recorded for a Democratic candidate and is the largest vote ever received by a President from the people of this country. He received 952,955 more than the total Taft-Roosevelt vote of 1912.

He is the first Democratic President to be elected to successive term since Andrew Jackson.

### TAGGERS GET \$108.56 FOR LOCAL CHARITIES.

As a result of their efforts Saturday, when young ladies turned out and tagged all the masculine gender found running at large on Hickman streets, the United Charities swelled their bank account to the extent of \$108.56.

Mrs. R. L. Bradley and Mrs. Jessie Dillon, heads of this worthy organization, ask us to express their appreciation to each and every one who contributed on this occasion.

Let some folks might think the United Charities are now overburdened with cash, it might not be out of place to state that they dispense charity at the rate of about \$100 a month—and could use more without waste or misappropriation. They expect the demands this year—on account of extraordinary high prices of clothing, food, etc.—to be heavier than usual, and will greatly appreciate further assistance, both in the way of cash or clothing.

### BIRD SEASON OPEN.

The bird season opened yesterday and local hunters made a rush to the fields. Reports from every section indicate an abundance of quail. The new law this year limits twelve birds per day to each hunter. Hunters will also discover when they go to purchase their shells quite an advance over last year. They have gone up about 50 per cent.

R. V. Putnam, wife and son returned Sunday from an auto trip to Crab Orchard, Ky., where they were the guests of relatives. R. V. says the Packard never missed a lick going or coming.

### GRAVE ISSUES NOW UP FOR DISPOSITION.

A series of the most important councils of the Wilson administration affecting America's foreign relations began at the White House yesterday. President Wilson and Secretary of State Lansing are reviewing the entire field of foreign issues, including those with England, which have been held in abeyance for more than a year. As unofficially outlined the subjects to be taken up and the order in which they will be considered follows:

With Germany—

The reported destruction of British merchantmen without warning, endangering American lives; the reported attack on the Columbia and the Lango, American ships, and the memoranda in the Lusitania case, which has lain on Secretary Lansing's desk since last February.

With Great Britain—

Unlawful restrictions upon American commerce; the blacklist; interference with American mails; arbitrary orders in council limiting American rights on the high seas, and arbitrary lists of contraband.

With Mexico—

The situation in Chihuahua, which the State Department admits has not improved. The administration is pledged not to withdraw the American forces from Mexico as long as conditions in that country are such as to constitute a menace to the American frontier.

B. B. Sanders, of Caruthersville, spent the first of the week in Hickman. Mr. Sanders tells us that Caruthersville is on a big boom—paving the streets, erecting several new business buildings, etc.

Attention is called to the approaching state corn show which will be held as a part of "Farmers' Week" at the Agricultural College, at Lexington, January 2-5, 1917.

### BIG OLLIE JAMES SAYS SECTIONALISM IS DEAD.

Senator Ollie M. James, of Kentucky sees the burial of sectionalism in the re-election of President Wilson.

"The victory of Woodrow Wilson proclaimed the death of sectionalism as a political issue in this country," said Sen. James. "Never again will the people of America be stirred by the hates and passions of 50 years ago, resurrected by political partisans for campaign effect. That old stuff won't go any more in this reunited country, as is shown conclusively in the defeat of Mr. Hughes. Never again will partisans like Senator Lodge and Mr. Hughes be able to make sectionalism a rallying cry in a presidential campaign."

"Maine, where Mr. Hughes first sprang sectionalism, President Wilson missed carrying by only a few thousand votes, and in Senator Lodge's State the president made a most remarkable showing. The victory of President Wilson conveys a warning to those who seek to stir up the old strife and bitterness for the sake of promoting the cause of an aspirant to a political office."

"In the virile west, where there is a wholesome respect for the best standards of Americanism and an America, one and united, the appeals to sentiments of sectionalism were utterly empty and futile. Even in the east there was but a feeble response in only a few sections to the appeals of those who would revamp sectionalism for party profit. Thank heavens, the election of Woodrow Wilson has forever banished the ghost of sectionalism."

the big and usual Democratic majority.

Wilson carried the State over Hughes by a plurality of 25,000.

Governor Rye was re-elected over John W. Overton by a plurality of 10,000.

### CHAS. M. BROWN DIED. WEDNESDAY MORNING.

Charles M. Brown, a well known farmer of this vicinity, died at his home just east of town at eleven o'clock yesterday morning, after an extended illness of tuberculosis.

Mr. Brown had resided in this vicinity since about 1900, coming here from near Troy, Tenn. Until his health broke down, he was an active, successful farmer.

Besides his wife, Mr. Brown leaves to mourn his loss, eight children: Mrs. Thibstberg, Mrs. Lillian Taylor, of Cairo, Misses Wilma, Mary Pauline, and three sons, Hector, Gerald and Leonard Brown.

He was a member of the Christian church, of Troy, and the Woodmen of the World lodge at Hickman. He was slightly over 50 years of age, being born in Tennessee, March 31, 1864.

Funeral services were conducted at the family residence at 10:30 o'clock this morning by Rev. R. C. Douglass; burial following at the city cemetery, where the members of the W. O. W. paid the final fraternal honors.

The writer has known Mr. Brown for the past ten years, and from our acquaintance and business dealings we believed him to be an honorable, honest, upright gentleman. While his death was not unexpected, his passing is regretted by his many friends, and was a shock to his family.

## PRICES GOING UP.

The prices of nearly every class of agricultural products as well as merchandise are going up, and there is no settled price on anything or any article.

The prices of today are no criterion for tomorrow. Those who have things to sell need not delay increasing prices, hoping for a decline, for it may be years before there are any declines in the prices of today.

These prices, however, will not interfere with anybody except the man who gets but a small pitance for his labor, or the man who is idle. With high and unsettled prices come the destruction of credit. The persons who have no money with which to buy and no credit may get ready to economize and do without many things which they have been spending money too lavishly for heretofore.

We have no rich people in this country and so it behooves all of our people to be economical and not spend money too freely.

I cannot understand why women don't see how much pain and suffering they would escape by taking your medicine. I cannot praise it enough for it saved my life and kept me from the Insane Hospital."—Mrs. E. Sheldon, 6657 S. Halsted St., Englewood, Ill.

Physicians undoubtedly did their best, but with this case steadily and could do no more, but often the most scientific treatment is surpassed by the medicinal properties of the good old fashioned roots and herbs contained in Lydia E. Pinkham's Vegetable Compound.

If any complication exists it pays to write the Lydia E. Pinkham Medicine Co., Lynn, Mass., for special free advice.

## IN MEMORIAM.

The death angel visited the home of Mr. and Mrs. Ray Gilson on Sept. 18th and claimed their little babe which was the light and joy of their home. Little Laura Pauline was born July 28, 1916, and died Sept. 18, 1916. She died of whooping cough and pneumonia. The little body was laid to rest in the Hickman city cemetery in a lonely and silent grave the body sleepeth, and the little soul is at home and at rest with God. Yet we know there has been many hearts made to feel sad over her departure. But I say to you father and mother, do not mourn for your little darling is at rest. Only prepare yourself to meet her where parting is unknown, for you can never meet her again on earth, but in heaven you can meet her if you will where we all will be at home forever. God's will be done, and not ours. And may we ever look to Him while going through this world, for everything works out for the best for the ones who love Him. So do not look so much on one side, while we are looking on the rough and rugged road. But turn our heads for one moment and look at that beautiful narrow path that is marked with the foot prints of Jesus. And while looking on this, may we recall his words where he said "Follow me." May God and his guarding angel comfort mother and father.

## TO GET WINTER EGGS.

In order to obtain eggs it is necessary to have healthy, vigorous stock, properly fed, and a dry place for them to stay in at night.

See that the fowls have plenty of green feed. Always sow a patch of rye for the chickens, or better still, have a mixture of oats, rye, and clover sown together.

Have a place for the chickens to scratch. Put the wheat, corn and oats in straw and let them scratch for it. This will give them plenty of exercise and help to keep them warm.

Give one pint of grain feed to each dozen birds twice a day, and just before going to roost allow them to have hot mash made by cooking some vegetables, such as turnips and cabbage, and also using the table scraps, such as cold bits of meats, etc., and mixing this with bran.

Have a comfortable house for the fowls. The sides, top and back must be tight. Have the door facing the south, and see that the floor is dry at all times. In order to have healthy fowls the house should be cleaned out as often as once a week.

For a porous plaster on the chest and take a good cough syrup internally if you would treat a severe case of sore lungs properly. Get the dollar size of BAL-LARD'S HOREHOUND SYRUP. With each bottle there is a free HERRICK'S RED PEPPER POROUS PLASTER for the chest. Sold by Hickman Drug Co. Advt.

A UNIQUE PLAN FOR  
STARTING LIBRARY.

Prof. G. T. Halliburton hit on a novel scheme to raise money to start a library for the colored school—Riverview High School. The parent-teachers' association last week held a kind of donation "reception," in which each "guest" was asked to contribute a chicken or 25c in cash. Considering the value of poultry and its by-products, cash contributions were in the majority, and the net result was \$27.34. Just why the odd cents, we failed to learn, but the library fund is a good starter and the colored population will keep right at it until a good library is established.

# BROTHERHOODS AGAIN THREATEN A STRIKE.

A strike of 400,000 railroad trainmen, unless the railroads of the country put into effect the eight-hour day Jan. 1, is the answer of William G. Lee, president of the Brotherhood of Railroad Trainmen, to the suit of the railroad executives to invalidate the Adamson law.

"Any railroad that attempts to cancel the present schedule of hours and pay, or refuses to put the eight-hour day into effect will find itself with a strike on its hands, law or no law," said Lee.

"The power that was given us last spring when 400,000 employees of the railroads voted to strike unless the railroads granted our demands is just as good now as it was then, and will be called into play if necessary. What the supreme court does with the law is no concern of ours. We have demanded fair working hours, and we are going to get them."

"However, we have no fear that the Adamson law will be declared unconstitutional. We were advised in the first place that it would stand the fire of a legal battle. We have President Wilson with us, and he will see to it that the law is made airtight. If any flaws are found in it they can be remedied."

# WATCH OUT FOR YOUR UNCLE SAM'S DUCK.

Hickman sportsmen are asked to examine any wild ducks they may bag to see if one has an aluminum band around its leg and bearing a number and request from the Biological Survey of the U. S. If found notify this department at Washington, together with a statement as to date, place and circumstances under which the bird was taken. This will be of service to the Survey in its efforts to determine the longevity of individual ducks and the routes of migration of the species. The bands are being attached to considerable numbers of wild ducks of several species which have been cured of the duck sickness prevalent around Great Salt Lake, Utah, and there released. The department is particularly anxious to secure reports from these birds to determine their complete recovery from this malady which has killed hundreds of thousands of ducks in Utah.

Jim Galliheart, a farmer, was killed by Harry Pillow at the store of Gordon Chambers, four miles north of Dyersburg, Friday night. It is claimed Galliheart, who was said to have been drinking, was abusive to Pillow and threatened to get behind the counter and take money from the cash drawer. Only one shot was fired, the bullet entering Galliheart's heart, killing him instantly. Pillow immediately made bond for his appearance at preliminary trial. The dead man was 28 years of age and married. Pillow is 20 years old and unmarried. He is employed as a clerk at the store where the shooting occurred.

# PROSPECTS FOR OIL.

Promoters to the project to bore for oil in Mississippi county received great encouragement last week in letters from a St. Louis oil prospector who is asking if it is possible to get an option on 10,000 acres of land. The agitation for the sinking of a well was started in Charleston two months ago. The present of oil on the surface waters and the fact that it is on direct line between the oil fields of Illinois and Texas had led to the belief that oil may be found in this county.—Republic.

# FROM THE EARLIEST TIMES.

The first national Thanksgiving may be said to have been the one offered up at St. Paul's cathedral, London, for the defeat of the Spanish armada, September 1588. The English settlers in this country naturally adopted the custom of their native land, and at an early period in our colonial history Thanksgiving became quite common. The institution may be said to be the natural outgrowth of human nature and has probably existed in some form or other from the earliest times.

# COUNTY RACES NEXT.

The next political contest of interest to Fulton county people, will be the election of county officials, the Democratic primary to come off next August.

For the Democratic nomination a large number of probable candidates have intimated their intention to "get in," and we look for some warm times in some of the contests.

The office of sheriff is always one of the most desirable and several prominent Democrats are nursing a strong desire to succeed Bailey Huddleston. Hickman already has two candidates; and a third—a gentleman connected with Hickman's mercantile circles, but whose name we cannot give at present—expects to toss his hat in the ring about the first of the year. He will spring a big surprise. Fulton and Crutchfield are to be represented in this race also. There will also be several candidates for county clerk, county attorney and assessor.

COLD WAVE GENERAL.  
50 DEGREES DROP HERE.

A cold wave of considerable intensity, originating in the north west Saturday, swept south and east the first of the week, causing a drop of 50 degrees here between Sunday night and Monday night, when the thermometer registered as low as 19 degrees above zero, or 13 below the freezing point.

This has been a fall of unusually mild weather, but the present cold snap put a crimp in all tender vegetation that escaped the frost. Ice a half inch thick was plentiful at an early hour Tuesday morning.

Merchants, who have heavy stocks of winter goods, welcomed the change in weather, and farmers have no kick coming, because they have had ideal weather for getting out crops and making ready for winter. The only kick we hear is from the boys who forgot to drain the radiators on their automobiles.

Mrs. Luther Adams who has been dangerously ill for four weeks is no better.

That was quite a successful drive made on the Western front. "Old Judge Coffee"—nothing better—at Bondurant Bros.

Judge R. B. Flatt, of Clinton, was here on business Monday.

News Snapshots  
Of the Week

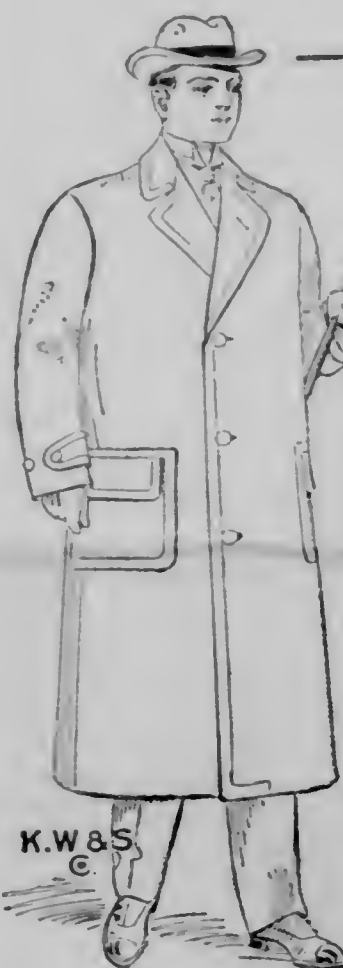

The United States went through long hours filled with intense interest and acute excitement last week when the returns from the presidential election were being counted. Never since 1884 has a national election been so close, and never has the surprise been so great, due to the first report of the election of Hughes and then the switch to President Wilson. No decisive war actions were reported from any of the various fronts. A train wreck at New Portage Junction, Pa., caused the death of ten persons and serious injury to twenty others. A battleship, the Relief, was added to the many craft in New York harbor. In England services are being held out of doors, and prayers are offered daily for the successful termination of the war.

## SIX STATES ADDED TO DRYS

Michigan, Nebraska, South Dakota, Montana, Utah and Florida Join Prohibition Column.

Chicago.—More than half of the 48 states of the Union have been put into the dry column. Those which are added to the list by the election Tuesday, making the total of dry states 25, are Michigan, Nebraska, South Dakota, Montana, Utah and Florida. The territory of Alaska has also been added to the dry possessions of the United States.

The states which voted on the liquor question in which the dry forces seem to have been defeated, although the returns are not all in, are California and Missouri.

F. Scott McBryde, superintendent of the Illinois State Anti-Saloon League, thus stated the situation:

"A number of victories were gained for dry legislation in the defeat of the propositions put forward by the wets which the wets intended should act as checks on the dry movement. In Colorado an attempt was made to secure an amendment favoring the use of beer under certain restrictions, and in South Dakota and Arkansas the wets championed local option as against state-wide prohibition. In each instance the plans of the wets were defeated.

### A SPLENDID SHOWING.

The first Methodist church of this city closed its ecclesiastical year last Sunday night, Nov. 12, with the fourth quarterly conference. The reports show that the church has enjoyed a year of unprecedented prosperity. Forty-six new members have been received into the church and seven thousand dollars has been contributed for all purposes, such as furnishings, benevolence, ministerial support, etc.

Resolutions adopted unanimously by the official board, in which the great acceptability of the pastor and a sincere desire for his return, were expressed, were also unanimously adopted by the conference. The pastor declared in open conference that about the pleasantest year of his life was just now coming to a close.

The following were elected to fill the official positions in the church for the ensuing year: Stewards W. A. Johnston, H. L. Amberg, A. O. Caruthers, F. T. Randle, J. H. Russell, J. T. Stephens, Dr. H. E. Prather, A. F. Owen, B. F. Briggs, A. O. Tillman, A. H. Leet and W. C. Tip-ton.

Sunday School Superintendents: F. T. Randle and A. O. Caruthers. Church Lay Leader, W. A. Johnston. Sunday School Advisory Committee: H. L. Amberg, J. H. Russell and A. O. Tillman.

### RAY PURCELL KILLED. FORMERLY OF HICKMAN.

Walter Ray Purcell, son of the late John W. Purcell, both formerly of Hickman, was instantly killed at St. Louis Tuesday morning at ten o'clock, while testing a transformer. A special from St. Louis says:

Mr. Purcell was killed by an electrical shock at ten o'clock Tuesday morning when testing a transformer in the plant of the Mulloy Electrical Co., Seventh and Hickory streets. A pulmotor was used for two hours in an effort to revive him. Two wires, one carrying 2200 volts, and the other 660, entered the transformer, but officials of the plant said they could not ascertain which one Purcell touched.

Deceased was born and reared at Hickman, leaving here about twelve years ago. He is survived by his young wife, whom he married at Hope, Ark., and at which place the remains were buried yesterday.

One sister, Mrs. A. H. Henderson, of Medley, Mo., a brother, Fred Purcell, of Warren, Ark., and three half brothers—E. Bettersworth, of Hickman, and Will and Horace Bettersworth, of Jackson, Miss., survive him.

**SKIRTS:** Ladies tailored skirts in serge, poplin and satin. The very latest fall styles at our usual low prices at \$2.98 and up at Dobson's.

C. W. Holcombe, of Phoenix, Miss., arrived Tuesday to visit his mother, Mrs. C. A. Holcombe.

### DEMOCRATS RALLY AND MAKE MERRY.

A sudden drop in the temperature kept hundreds of people away from the big Democratic rally in Hickman, Monday night, but even then, it was a most enjoyable affair, in which hundreds participated. Most of the Republicans of the town turned out and in a good-natured way played the part of the vanquished.

Not only the attendance was cut short, but the program was abbreviated on account of the cold. The principal feature of the evening's entertainment was the parade, which was a unique and original affair. In the line of march were:

"Hard Times," a ragged typical, hard up gentleman—who was on the run.

A miniature leg cabin, but the real thing made by Menzel Box Co. boys. It was labeled G. O. P. and "For Sale."

A brass band.

Mr. and Mrs. Woodrow Wilson.

The Fiddle Dog Special, representing the women of the Republican millionaire special train.

H. C. Barrett pushing a wheelbarrow in which rode W. P. Skinner. (This was paying a wager on which way Missouri would go.)

Western Girls. Young ladies, dressed in patriotic colors and on horseback.

Mother Jones and the Labor Party.

Mr. Roosevelt, the lion tamer.

Chas. E. Hughes and wife, in pantomime, portraying the effect of the result.

William Howard Taft.

The Corn Stalk Army (bearing box banners with appropriate slogans).

Hickman's Hughes Alliance.

Local Republicans, each bearing a skiff oar to use on the Salt River packet, and each man assigned to a certain office on said steamer, his cap bearing the place to which he had been assigned.

We noticed that Henry McMullin was captain.

Pall bearers for the Republican party.

After the parade returned to Clinton street, it halted while Judge F. S. Moore read a number of telegrams from the various leaders to Hickman representatives of both the Republican and Democratic parties.

Of course, these were humorous and entertaining. The telegram bearing the news of the Republican standard bearer's defeat, caused Mrs. Hughes to faint in the arms of her husband.

Dr. A. O. Longnecker, veterinary surgeon, was hastily summoned and administered a hypodermic.

Last but not least, was the funeral services, held on Clinton street. The last rites were administered by Woodrow Wilson (W. J. McMurry) who was accompanied by his wife (Murphy Bondurant), after the distinguished guest was introduced by Judge Stahl and given a rousing ovation.

A copy of the funeral notice, printed in heavy mourning border and distributed on the streets, was as follows:

**FUNERAL NOTICE**

Friends and relatives of the undaunted, undefeated, universally united, unanimous, unconditionally Utopian DEMOCRACY are joyfully notified that the joint funeral services of

CHARLES LEONY HUGHES, THEODORE BUSHWAL ROOSEVELT, BILLY O POSSUM TAFT, and the entire

REPUBLICAN PARTY

All of whom departed this life on November 7th, 1916, from injuries received by being knifed in the West, run to death in the East and North, and buried under a Southern landslide, will be held at the hour of 7:30 p. m., Hickman, Ky., Nov. 13, 1916.

## "The greatest coffee maker in the world"

If he doesn't call you this it is your own fault

A million women can tell you that with them, the coffee problem is a thing of the past,—

—that every morning their coffee makes the whole breakfast seem entirely different, satisfying, starts the day right for all.

Like these women, you will end your search for the right coffee the moment he tastes Arbuckles'.

Make up your mind to begin today to give your husband the benefit of their experience. Give him a chance to call you the greatest coffee maker in the world. When you see how enthusiastic he is over the flavor of Arbuckles' you will know why it has solved the problem of over a million women — why it is by far the most popular coffee in America today!

Arbuckle Bros. have the largest coffee roasters in the world. Every day they roast enough coffee to supply your entire county for a week.

E. H. Condy  
Nim Walker

Following are the funeral services, several short talks were made by the following gentlemen:

Hon. Chas. E. Hughes (J. O. West).

Hon. Wm. H. Taft (Dr. A. O. Longnecker).

Henry McMullin.

Hon. Theo. Roosevelt (Judge M. B. Shaw).

Frank Von Borries.

The whole affair was staged amid a seating of flags, and red fire, while crowds cheered, trumpets shrieked and fire works roared. Little, big, old and young were there and had a good time.

Grape juice in 25c and 50c bottles at Bondurant's.

A. J. Sides, of Rector, Ark., has returned home.

### PECANS FROM ONE TREE SELL FOR \$93.00.

Vernon Jones, of near town, threshed a pecan tree on his place this week and the nuts from this one tree brought him \$93.00 cash. He sold them at 25c a pound. This one instance illustrates the possibility of pecan raising in this section. A pecan orchard in the over-flow land of the upper bottoms, if properly looked after, would make one rich in a short time, and the bearing trees are already there.

### WHOLESOME LUNCHES FOR SCHOOL CHILDREN.

A lunch to be wholesome must be kept from "mussing." A lot of soggy pie, mashed biscuits, buttered while hot, mixed up with pickles, cake, etc., will soon depress the strongest appetites. Cheesecloth and paper napkins are cheap, so are the open market baskets. A few small trays, small glass topped jars, etc., should form the equipment of the daily lunch basket.

By making out a menu for every day in the week there will be a change.

The following is cheap, wholesome and strengthening:

Monday: Creamed potatoes, peas or tomatoes, with a small quantity of soup in one-half pint jars, buttered slices of bread, jelly, individual pies and fruit.

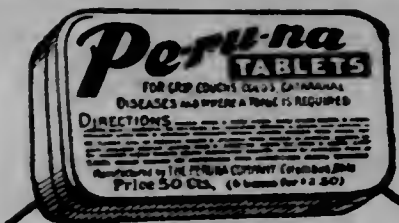

Tuesday: Beef or pork baked, or boiled sliced thin and placed between slices of graham bread, fried mush, apple sauce with bread, cookies and fruit.

Wednesday: Baked beans and potato salad, corn meal muffins, fruit, individual tarts or pies, jelly sandwiches and fruit.

Thursday: Stuffed eggs, slaw, meat sandwiches, berries, cookies and a few nuts.

Friday: Boiled beans, rather soupy, in jars, bread or crackers, meat pies, rice pudding, berry tarts and fruit.

Individual tart shells may be used on Friday.

### PENALTY GOES ON ALL UNPAID TAXES DEC. 1st.

Owing to the fact the impression is out that the penalty on taxes does not go on until March, the Courier wishes to warn its readers that this is a mistake. A bill was drafted, and even passed the lower house, in the last legislature amending the old law, but the bill was killed or lost in the senate; hence the old law is still in force. This means that unless you pay your county, state and school taxes before December 1st, you will be forced to pay the penalty.

December 3 to 10 inclusive has been set aside as Tuberculosis Week in the United States, according to an announcement today by The National Association for the Study and Prevention of Tuberculosis.

During this week an effort will be made to enlist the co-operation of every school, church, anti-tuberculosis and public health organization, lodge, and working mens organization in the United States in an active effort to bring tuberculosis to the attention of the people.

Three special feature days will be held during the week. December will be National Medical Examination Day. On that day an effort will be made to get everybody, men, women and children, whether sick or well, to be examined in order to find out if they have any defects or impairments of their bodies that need attention. If examination is not possible on December 6th, appointments will be made then for later examination.

December 8th, will be Children's Health Crusade Day. It is hoped that at that time to launch a national organization of Modern Health Crusaders, an association of the children of the United States in the public schools for fighting against tuberculosis and for better health.

December 3 or 10 will be observed, according to the convenience of the churches, as Tuberculosis Day. A special sermon and a series of talking points for ministers and others have been prepared and will be ready for distribution in the near future.

Mr. Thomas was born in Kentucky July 6, 1852, and has resided here for many years. He was at one time engaged in the hotel business—running the Cottage Hotel—and for several years carried the mail between the East Hickman depot and the postoffice down town. By trade he was a carpenter.

The only immediate member of the family surviving Mr. Thomas is his wife, there being no children.

#### IN MEMORIAM.

The death angel visited the home of Mr. and Mrs. Rene Puckett, and claimed for its own their only little darling baby, age 11 months. Grieve not dear father and mother, for little Charlie Bell is now a little angel in heaven, watching for papa and mamma. Live so when the Lord calls for you you can meet her again in a better land.  
Another little lamb has gone to dwell with Him who gave;  
And so He bent His loving smile and clasped our darling's hand.

Political prognosticians in Washington profess to foresee Senator-elect H. W. Johnson, of California, a candidate for the Republican presidential nomination in 1920. They base their predictions upon the following assertions: Johnson carried California for Roosevelt in 1912 and ran so far ahead of Hughes this year the impression is created that he preferred himself above the head of his ticket with a view to the next national Republican convention. But, do they not know we buried the Republican party here Monday night?

DO WE GET GASOLINE?  
GOVT. WILL FIND OUT.

Motorists will be pleased to learn that the government has set to work a corps of experts who will shortly announce an absolute standard of motor fuel which will be available to the lawmakers of the State. In fact, the real purpose of the "pure gasoline" inquiry which the Bureau of Standards of the Department of Commerce is conducting is to provide accurate scientific data, for the time is believed to be fast approaching, when the quality of the gasoline now being sold will be frowned upon by the law.

The trouble with the gasoline of 1916 is its kerosene constituents.

For more than a year inquiries have been pouring into the bureau from trade and commercial organizations, from coast to coast, all asking: "What is pure motor gasoline?"

In almost every case the question was accompanied by convincing proof that the fuel sold as "gasoline" by garages and other sources of supply contained a kerosene constituent that ranged anywhere from 5 per cent to 15 per cent of the fluid mass.

## MUST BELIEVE IT.

When Well Known Hickman People Tell It so Plainly.

When public endorsement is made by a representative citizen of Hickman the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman or child with kidney trouble will do well to read the following:

John Provow, prop. barber shop, 810 Johnson Ave., Hickman, says: "From over working and standing so much, my kidneys became affected and my back gave me a lot of pain. I had sharp, shooting pains across the small of my back and the kidney secretions were irregular in passage. I had to get up at night quite a few times to pass the secretions, which were highly colored and scalding in passage. I used Doan's Kidney Pills whenever I was troubled in that way and I have never failed to be helped by them."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Provow uses. Foster-Milburn Co., Props., Buffalo, N. Y. Advt.

You see what the Democrats of Kentucky can do, when they are thoroughly aroused and go to work out in the open. The dark lantern schemes of the Republican party, fly like chaff, before such mighty onslaughts.
